United Kingdom

Dear Stuart and Tony

Quantal Award Winner 2008

I am delighted to be able to inform you that your entry has been selected to win one of Quantal's prestigious Installation of the Year Awards for 2008. These awards have demonstrated the breadth of different types of projects that the Quantal Roof System can be specified for and I would like to thank you for taking the time to enter your project.

*The Lane End School installation has won **The Commercial Installation of the Year (Education Sector)** category.*

A prestigious 15" Pro Digital screen, pre loaded with installation shots from Quantal's extensive image library, will be posted to you. The screen overprint gives quality reproductions and is quick and easy to use. It features built in speakers and is also capable of displaying videos. Equally suited for wall or desk mounting it will clearly demonstrate your award winning status to your customers.

Our PR team will be carrying out extensive PR in the trade press to publicise these awards so please expect a call from a member of the team shortly.

Once again thank you for the support you have shown Quantal over the past 12 months and we look forward to an even more successful 2009.

Yours sincerely

Richard Hulbert
General Manager
